SLIT GLASS and MAIN CHARGER CLEANING of TOSHIBAS

When the Toshiba displays a message to the effect of “Time for Slit Glass and Main Charger Cleaning” all the jobs will stop until you complete the following process:

1) Open the front cover of the printer

2) Notice the little green knobs below the toner – Beginning with the left most knob pull it out as far as it will go and leave it out until you have pulled the right most knob out.

3) Push the knobs back in beginning with the left most knob.
